The Lune Rivers Trust is an environmental charity dedicated to the conservation, protection, rehabilitation and improvement of all rivers and tributaries throughout the Lune Catchment. In addition to our practical projects we aim to engage, involve and educate the local community and visitors to the area. We have recently received some funding from the Lancashire Environment Fund to carry out work on the Millennium Footpath from Salt Ayre to the junction 34. As a small charity we couldn't exist without the support & enthusiasm of our volunteers – come and join in the fun!

**Tree planting**

**Building bug hotels & much more!**
